Danil Syah Arihardjo

Sumedang, West Java, Indonesia

Summary

Hi, you can call me Danil. I am a computer graduate from an information systems study program at one of the universities in Indonesia.

I have more than 5 years of working experience in a private telecommunications company in Indonesia as an internet network technician. My job duties and responsibilities are ensuring stability and monitoring the internet connection, as well as finding solutions to customer complaints.

I am a tech enthusiast. I am able to work independently or in a team, by working together we can share opinions and solutions to make work easier.

Besides being busy with work routines, I also take the time to learn programming languages, to see what I've learned you can visit my Github at https://github.com/danilsyah
